Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Monday 08 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Fine and dry days but turning unsettled by midweek.

Today:
After a frosty and chilly start, it will be a fine, dry, and bright day with plenty of sunny spells. Winds will remain light and it will feel pleasant in the sunshine. Maximum temperature 9 deg C (48 deg F).

Tonight:
Remaining dry this evening and overnight with any cloud dissolving away to leave some long clear spells. A chilly night with a widespread frost developing under the clearest skies. Minimum temperature -2 deg C (28 deg F).

Tuesday:
Another largely dry day with some sunny interludes. Cloud will thicken during the evening as a band of heavy rain and strong winds moves in from the west overnight. Maximum temperature 11 deg C (52 deg F).

Outlook for Wednesday to Friday:
Wet and windy on Wednesday. Frequent blustery showers on Thursday and Friday. Strong winds throughout with a risk of severe gales and inland gales for a time.
